

Assignment -10
OWL

Solution contains and details about it:

Clinic_RDF.xml - RDF/XML file validated using RDF-Validator and schema according to the assignment.

Query Execution - Shows the results of the query executed.

RDF_N3.rdf - contains the RDF schema in N3 notation triple format.

Query1 - Shows the list of patients treated by radiologist.

Query2 - Shows the list of treatments provided by radiologists.

Sample data can be found in xml as well as in ref file for verification.
